MONDAY, JUNE 1, 1886.

A CHARM within the very air
The patent fact discloses,
That we do have an entering
Upon the month of roses,
And maybe it is just as well,
Also, to tell you here
That at this time we enter on
Our summer's larger beer.

These gardens in this neighborhood are all looking well.

Flour declined in price again to-day. See market report elsewhere.

This potato bug is said to be devastating more than ever this season.

The Kentucky Union Railroad is completed to within a mile of Clay City.

This summer car was out again yesterday and as usual was well patronized.

There was a heavy rain at Ripley, on Saturday afternoon, though none fell here.

This revival meetings at Corinth are increasing in interest and attract a large audience.

Good butter is sold in Maysville this week for 16¢ cents a pound. The supply is abundant.

Business is growing steadily better. Some of the merchants report heavy sales on Saturday.

New pavements are going down all over the city. There will be much improvement of that kind this season.

This female base ballists were detained at Portsmouth and will not put in an appearance here this afternoon as expected.

The Houston, Texas, Post says: The Hall plow got there, and like Stafford is happy. Talk about heading off Houston, will you!

This books of the Assessor show that Maysville is the happy possessor of seventy-six hogs. Had no idea there were so many in town.

If you want the town to prosper patronize home industries. This has been said before, but it is a good saying to keep in mind all the time.

Nesbitt & McKrell will offer for sale to-morrow \$2,500 worth of goods damaged slightly by fire. It is hardly necessary to say that there will be a rush.

A MEETING of the stockholders of the North-Eastern Kentucky Telephone Association will be held on Friday, June 5th, at the council chamber at 3 o'clock p. m.

A RECIPE for lemon pie vaguely adds: "Then sit on a hot stove and stir constantly." Just as if anybody could sit on a hot stove without stirring constantly.

HENRY OUT is receiving new styles of furniture every day. He guarantees his prices to be as low and in many cases lower than the prices at Cincinnati and elsewhere. Give him a call.

DROP in at Bierbrow & Co.'s and see the many new articles received in the line of house-keeping goods. Their prices you will find as low as any dealer reasonably expect. They will be glad to have you call whether you wish to buy or not.

This Ripley Budget thinks that now while there is so little for the police to do in Maysville that they might be using for "the duty of hog catching." The Budget does not understand the real situation. The trouble is there is danger of the hogs catching the police.

This Georgetown, O., News says: The salary of the Superintendent of Public Schools in Maysville, has been fixed at \$800 a year, and this is an increase of salary. If the Superintendent of schools in cities like Maysville are only paid \$800 per annum it is no wonder that the school system of Kentucky needs improving.

It used to be in Pennsylvania that owners of cattle had a remedy at law when any of the animals belonging to them were killed or injured by passing railroad trains. But it is not so now. The boot is on the other foot. Damage caused to a train by cattle, under a new law, is now collectable from the owner of such animals. So the West Chester Local says.

The Rollans, a musical organization composed of members of St. Patrick's Church, who have been in training for several weeks past, will give an entertainment at the opera house to-morrow evening, the proceeds to be used in the erection of a new Catholic Church. The entertainment promises to be one of great interest, and under the circumstance there ought to be a crowded house on the occasion.

RIGHT REV. BISHOP MARS, of the Covington Diocese, was in Maysville on Sunday and presided at the morning services at 7:30 and 10:30 o'clock, at St. Patrick's Church. At the 7:30 mass eighty-five persons, nearly all of them children, received holy communion. At the 10:30 mass Rev. J. B. Glorienz officiated and was followed afterward by Bishop Mars with a beautiful and impressive sermon. After the discourse the persons who had received communion at the early morning mass were confirmed by the Bishop. In the afternoon at 3 o'clock the who had been confirmed renewed their baptismal vows and were enrolled in the Scapular. The children were then questioned by the Bishop who appeared to be much pleased with their answers to his interrogatories. The services of the day closed with holy benediction.

"An exchange, speaking of cholera, says: 'We must prepare to repel this unwelcome guest should it come knocking at our doors by observing every precaution of cleanliness which is the only preventive. Thoroughly clean air and secure ventilation for every part of your premises. Apply the white wash brush liberally. Look to your drains and see that no pools of stagnant water or heaps of rubbish are left to poison the atmosphere. Clean every well and cistern; give special attention to purifying your cisterns, which can be kept pure only by thorough ventilation. And throughout the season be sure that the sun and air penetrate at least once daily to every nook and corner of your dwelling. If we do all this thoroughly and carefully, we may hope that the disease if it comes this way will find no lodgment and pass us by.'

MR. WALTER B. PRISTER, the Deputy Revenue Collector for this part of the district, whose term of office will expire with that of Mr. Stoll, has been a polite, obliging and efficient officer. His office, as shown by the various examinations of the department agents, rates as high as any in the State. We believe he has done his duty well and satisfactorily to the authority to whom he is responsible, and in retiring to private life he has the good will of the public, who wish him success in any business in which he may engage. This much is due to an honest and capable official.

Nearly 5,000 persons have been killed in France by lightning the last half century. An equal number have been seriously though not fatally wounded, and five times as many struck. The hot years have been the most fatal, and these were remarkable as being the best wine seasons. Singular to relate, in this connection, is the fact that there has not been a single death from lightning in Paris or the department of the Seine for upwards of twenty years, though there have been many violent storms there during that time.

Sampson of Old Was a powerful man, and must have had a good deal of iron in his blood. We do not want to be quite as strong as Sampson, nor so mischievous. And we all want vigor and strength; and we cannot have these unless the blood has its full quota of iron. There is no preparation of iron like that in Brown's Iron Bitters. Mr. W. J. Jones, Manchester, Va., says: "I took it for poor appetite and general weakness, and found it a good tonic."

The steamer Guiding Star arrived from Cincinnati yesterday afternoon with an excursion party of about nine hundred persons. The boat remained at the landing for an hour or more giving the passengers an opportunity to look over the town. It was rather rough crowd of people, but they behaved fairly well and there was no serious disturbance during their stay in the city.

The Mexican band which has been providing music at the New Orleans Exposition, is preparing for a grand tour of the country giving concerts in all the American cities after the Exposition closes. The band is connected with the Mexican Eighth Artillery regiment and is composed of about eighty members.

For the next thirty days Ed Myall, Successor to Myall & Riley, will sell vehicles of all kinds at three-fourths of the regular prices. If you need anything in this line you will have the opportunity to supply yourself at a lower price than the same vehicles can be bought for next month.

Pyrethrum, which can be obtained at the drug stores, dusted over cabbage plants is said to destroy the cabbage worm, but the potato bug is proof against it. Pyrethrum is not poisonous.

"How did you manage to cultivate such a beautiful black eye?" asked Brown. "O," replied Fogg, who had been practicing upon roller skates. "I raised it from a slip."

"Are you going to Coney Island this summer?" asked a New York man of a friend who is an invalid.

"Oh, yes, and I am going to bathe three times a day," was the reply.

"Do you think it will do you any good?"

"Yes, the doctor says I must take a toddy after each bath to restore the circulation. That's how I do me good."

"Well, I am going, too, this summer. That's just the kind of an invalid I am."

Just as Good.

Many unscrupulous dealers may tell you they have remedies for coughs and colds equal in merit and every respect just as good as our old and reliable Dr. Rossen's Cough and Lung Syrup, and unless you insist upon this remedy, you will take a poor chance and be liable to be greatly deceived. Price 50 cents and \$1. Sold by George T. Wood, druggist.

Cure for Piles.

Piles are frequently preceded by a sense of weight in the rectum, itching and lower part of the abdomen, causing the patient to suppose he is constipated, and to resort to purgative medicines. At this time, if the hemorrhoids are present, as flatulence, uneasiness of the stomach, water, like perspiration, producing a very disagreeable itching, after getting warm water, the patient is liable to bleed, and itching piles yield at once to the application of Dr. Rossen's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, allaying the intense itching, and affording a permanent cure. Price 50 cents. Address the Dr. Rossen Medicine Co., Piqua, O. Sold by Geo. T. Wood.

MURDER AND MASSACRE

UNPARALLELED IN THE HISTORY OF WANTON BUTCHERY.

With Meat-Hooks Stuck Through Their Heads the Victims are Hanged Alive. Their Eyes Dug Out, Butchered and Mutilated—The Indians.

TOMBSTONE, Ariz., June 1.—Latest advices report that the Indians have scattered and are now in small bands in different parts of Southwest New Mexico, and mostly in the vicinity of the Black Range. More than thirty citizens are reported killed and many of them mangled beyond recognition. The Indians are reported to be in the vicinity of Cook's Peak, fifteen miles from Tombstone. The greatest excitement prevails in the section east on the Gila. Gen. Crook is on the way here to relieve Col. Bradley and is expected very soon. The miners and ranchmen are coming in from all directions. A band of about thirty renegades was seen near Fleming, a small mining camp seven miles north of Silver City. The band was divided in two parties, one going into the Burro Mountains and the other toward Cook's Canyon. Five bodies were brought into Silver City killed by the renegades within six miles of the town. The wildest excitement prevails.

Horrible Mutilation.

TUCSON, Ariz., June 1.—A Silver City special says: "The bodies of Col. Phillips and family murdered by the Apaches have been brought in. They are all horribly mutilated. Col. Phillips' daughter had been hanged up alive with meat hooks stuck through the back of her head. Mrs. Phillips' eyes were gouged out; her ears and breasts were cut off and she was otherwise brutally mangled. The citizens are frantic that such outrages should be perpetrated without check."

Sixty Killed.

DEMING, N. M., June 1.—A band of Apaches has passed south seven miles from here, heading for Mexico. Three companies of cavalry and sixty scouts are on the trail, but several hours behind. A company of volunteers, well armed and mounted, left there in pursuit of the Indians. About sixty persons have been killed since the outbreak.

Not One Captured.

SILVER CITY, June 1.—The Indians of rapidly leaving this section and moving south, probably heading for the Black Range. Seventeen companies of troops are in the field, and there has not been one Indian taken in by them.

A PRISONER'S BOLT FOR LIBERTY.

John Johnson Drives Judge, Jury and Sheriff Before Him, But is Captured.

LYONS, N. Y., June 1.—Several days ago John Johnson, a criminal from New York, was indicted in this county on twelve counts for burglary, robbery and attempts to murder. He boldly avowed his intention to commit suicide to escape prison. He was tried upon an indictment for assault with intent to kill R. Van Dusen in Newark a month ago. The court room was packed with people and the gallery crowded with ladies because of Johnson's notorious career in crime.

At 5 o'clock District Attorney Hoag was concluding his address to the jury, and every eye was listening intently when Johnson suddenly leaped from the prisoner's box and rushed toward him, yelling that he would kill him. Wild excitement followed, and the judge ran to one side of the room, while the district attorney escaped behind the witness stand, and the jury and clerks were scattered everywhere. Women in the gallery screamed and fainted. County Judge Collins and several about him caught hold of the prisoner from the rear and restrained him. Johnson is a powerful fellow and threw his captors out of his way. The sheriff and the guards then sprang upon him and a desperate fight followed.

Men yelled: "Kill him," "Knock his brains out," "Let's lynch him here," and similar cries. Two guards were felled to the floor by Johnson's blows between the eyes and others received cuts and bruises about the face and scalp. The judge charged the jury in a few words, and they returned almost immediately with a verdict of guilty. The prisoner was given the full penalty of the law, which is ten years in Auburn.

The President in New York.

NEW YORK, June 1.—The President Cleveland arrived at Jersey City from Washington he went at once to the residence of Secretary Whitney in Fifth avenue, where he passed the night. He reviewed the Decoration day parade from the grand stand at the junction of Broadway, Twenty-fourth street and Fifth avenue. In the evening he will be present at the memorial services at the Academy of Music, where Mayor Grace presides and William M. Evans delivers an oration.

Coal Miners.

PITTSBURGH, June 1.—The National Executive committee of the Coal Miners' Union met in this city on June 13 to take action on the threatened reduction of wages by the operators. The industrial situation of miners meet here early in July. Representatives from all the bituminous coal districts in the country are to be present.

Amalgamated Victory.

PITTSBURGH, June 1.—The Republic Iron works, limited, has signed the scale in the workmen's terms. This victory for the Amalgamated Association is especially important, from the fact that the product of this mill is almost exclusively that on which the present difficulty between the manufacturer and workmen hinges.

Cheating the Gallows.

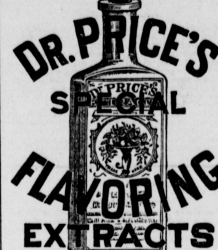

NEW ORLEANS, June 1.—The supreme court has refused the application for a rehearing in the Ford murder case. This finally ends the matter in the court. Felted Patrick Ford and John Murphy from hanging to imprisonment for life are being directed.

Nellie Nearing the End.

NEWARK, N. J., June 1.—Miss Nellie Canfield, who shot herself on Monday morning at a female seminary in Belleville, is still in a stupor. It is thought her death is near. Mrs. Canfield said her daughter had expressed penitence for the act.
